---

**Objective:** To work in a challenging environment which demand all my skills and efforts to explore, adopt myself in different fields and contribute to the development of organization with impressive performance.

## **Educational Details:**

### **Post-Graduation:**

- International Institute of Information Technology (IIIT- Hyderabad) - 7.25/10(C.G.P) (2013-2015)

### **B. Tech (CSE):**

- JNTU Kakinada - 63.4% - (2009-2013)

### **Intermediate:**

- Board of Intermediate Education, A.P - 82.6% - (2007 – 2009)

### **SSC** :

- Board of Secondary Education, A.P - 72% - (2007)

## **ACADEMIC PROJECTS:**

### **Mini Project:**“Shopping mall Management System”

- Designed for centralizing the billing system of shopping mall.
- Pricing of items is done at the time of exiting the shopping mall.
- maintaining different items in single database and transferring of money of different items to its respective shop is carried out
- Analyzing the yearly sales based on the rate of purchasing of items.

**Major Project:**“Secure and Practical Outsourcing of Data in Cloud” - As of present scenario cloud computing plays a major role in computational platform

- Cloud computing has major challenges of security of data, we provide security by encrypting the user data while uploading into cloud
- Decrypt the data at the time of downloading. By this we assure the integrity of data.

**Online Chess Game:**

- A web based two player game developed by using JSP and JQuery.
- User can create a new game or can enter the existing game with his credentials.
- When a move has been made, it is validated and reflected at the second user
- Identifying checkmate and displaying the message of winning or losing the game

**Internship:** Worked as an Intern in “TARA MOBILE TECHNOLOGIES” for 3 months on Android Platform. As part of the intern I come across different type of sensors in mobiles and tried to infer something from the sensor data which is a research project.

**EXTRA CURRICULAR ACTIVITIES:**

- Took part in an awareness program which led the tribal people know their rights and the value of education by staying with them for 1 week
- Event organizer for the Technical Fest “Inspire”
- Short movies and Movie making.
- Photography
- Runner in Shuttle

**STRENGTHS:**

- Self-Analyzing
- Adaptability
- Always flexible to new environment and working in a team

**TECHNICAL SKILLS :**

- **Programming Languages:** C, C++, Java and PL/SQL.
- **Domain knowledge:** Cloud Computing.
- **Web Development:** HTML, Java Script, JSP.
- **Database Systems:** Oracle, MySQL.
